

ABOUT US

We're a small but mighty (and growing) fully licensed and insured, independently owned and locally operated company based out of St. Jacobs Ontario. The owner Ray Bowman started the business as a natural extension to his commercial logging company which he also founded and still manages today.

We offer full-service commercial & residential tree care services for all industries and property sizes in the Kitchener, Waterloo and surrounding areas. We've earned a reputation for quality, reliability and professionalism. Our skilled and dedicated team of licensed technicians use the latest techniques and equipment to carry out high-quality tree work for our clients both large and small.

Ray's passion and respect for trees, entrepreneurial experience and commitment to service excellence resulted in a simple, honest, ethical management style and the hardworking values that are the uncompromising foundation to all aspects of the business.
